As the sport of fast pitch softball winds down here in Knoxville, the Knoxville Explosion Organization reflects on 2014 as a benchmark year for our organization. We stand for and are about the on and off the field development of our players. Amazingly enough, over 80% of our players are honor roll students. Many of our players also received numerous citizenship, spelling bee and 4H essay awards throughout 2015. Our players achieved an 80.1% honor roll rate for the overall organization. In addition, 100% of our players were selected to participate in their various middle school and high school teams! MISSION ACCOMPLISHED!

On the field, it was an equally amazing year for our organization! In 2015, our combined team spring statistics were as follows:
