

Congratulations to Delaney Weller, Emma Seagrave and Kelsey Birchfield who all received outstanding academic scholarships due to their excellence in the classroom and will be attending the colleges of their choice. Here at the Knoxville Explosion, we recognize not only the hard work on the field but off the field in the classroom! Each of these young ladies received offers to play college softball but have decided to pursue their academic endeavors in the various fields of engineering and chemistry! Congratulations Ladies, we are SO PROUD OF EACH OF YOU!
