

It's About Family.....

Written by Joe Birchfield

Long-time organization favorite Tori Coffman ('01 Navy) gives the 8u Explosion players a pep talk before their game in Cleveland, TN at the ISA Bringing the Heat Tournament on Saturday, 7/11/20. When you talk about our organization and the fact we say we are a family, this picture sums it up succinctly. Our 18u players taking time out of their tournament play to share words of wisdom and encouragement with the next generation of fastpitch softball players. We aren't just talk, we walk the walk. Remember this when considering your next softball home!
