Coaches Philosophy: I believe that playing sports as a child builds character and confidence. I feel that it is important for a player to work as a teammate, not an individual. I expect hard work and full effort while showing good sportsmanship. When children learn these aspects at an early age, it carries over as they become young ladies and adults. Shoot for the moon. If you don't make it, at least you are among the stars.

Coaching Certifications: Positive Coaching Alliance Double Goal Coach

The Knoxville Explosion is excited to welcome Marshall Brakebill as our new 2014 (6u) Explosion Head Coach! Welcome home Coach Brakebill, we are proud you have joined the family!
