

Tori Coffman Finishes What She Started in Travel Softball

Written by Joe Birchfield

With many memories attained, we bid a fond farewell to one of the best players that has ever played for our Knoxville Explosion Organization in Tori Coffman. Tori is starting her collegiate career at Walters State Community College next week and threw a perfect game in the Championship game of her last travel ball tournament on 8/20/22 at the USA Motown Classic. Tori is one of only 3 players to play her entire travel ball career as a Knoxville Explosion player, which is an extremely proud, notable accomplishment in the current landscape of constantly changing players and teams. Thank you Tori for all of the great memories, we love you and wish you all the best!
